Intro to Interceptive Orthodontics 2019

1.5 days (Friday & Saturday)

March 22 & 23, 2019 in Atlanta, Georgia

A Hands-on Participation Experience

Course Instructors:

Scott Goodman, DDS, MS & Gerry Samson, DDS, ABO, FACD

Course hours are 8:30 AM - 5:30 PM Friday. 8:30 – concluding at NOON Saturday. The course will conclude at Noon Saturday:

14 ADA CERP Participation CE Hours*

Location: Intro to Interceptive Orthodontics will be held at The (g)nathos home room about 25 minutes north of Atlanta in Marietta, Georgia. Confirmed participants will receive confirmation, instrument lists, transportation and hotel accommodation details by email.

“Intro” Description

Would you want to feel confident answering that first question parents ask-will my 3 year old need braces? Would you like to develop the clinical skills to evaluate when to place a space maintainer, correct a cross-bite or open-bite?

When is the proper time to intercept a class III skeletal problem and feel confident correcting the abnormality?

If you want to improve your diagnosis and treatment of primary and early

mixed dentition skeletal and dental abnormalities, join us for this 1 ! day course.

“Intro” Learning Objectives:

- Clinically Applied Basic Facial Growth and Development
- Diagnosis & Prognosis Primary (Deciduous) and Mixed Dentition Occlusion
- Space Maintenance Guidelines and Treatment
- Diagnosis, Prognosis & Treatment for
- Ectopic Eruption
- Cross-bites-Anterior & Posterior (hands-on)
- Open-bites both Dental & Skeletal

Scott Goodman, DDS, MS

Diplomat American Board of Pediatric Dentistry Examiner: American Board of Pediatric Dentistry
Fellow of The International College of Dentists (FICD)

Dr. Scott Goodman is a 1979 graduate of The Ohio State University Dental School. He completed a GPR residency at the Memorial Hospital, Worcester, Mass and a fellowship at the Bowman Gray School of Medicine, Wake Forest University prior to obtaining his Master's degree and certificate in Pediatric Dentistry from the University of Iowa in 1983.

Scott is a Diplomat of The American Board of Pediatric Dentistry and a Fellow of the International College of Dentists. He enjoys lecturing to residents at multiple dental schools and residency programs, concentrating on pediatric growth and development, interceptive orthodontic therapy, practice management and intra office conflict resolution. In addition Scott has been a consultant to management organizations and private practices to improve office protocols, chart documentation, and practice productivity.

In private practice limited to pediatric dentistry, Scott is the founder of a group pediatric practice in the Charlotte, NC Metropolitan area. He has worked with national/ state dental organizations and state/local governments to improve access to pediatric dental care and has been the local clinic coordinator for the Charlotte- Mission of Mercy Clinic since its inception.

Gerry Samson, DDS, ABO, FACD. TE

Diplomat of The American Board of Orthodontics (*ABO*)
Fellow of The American College of Dentists (*FACD*)

Described as an educational entertainer, Gerry Samson completed pediatric dental residency at Emory University in 1979 under the direction of Dr. Ed Hibbard and orthodontics at Northwestern University in 1981 under the direction of Dr. Hal Perry. Since that time Gerry has been in private orthodontic practice, is a Diplomat of The American Board of Orthodontics and a Fellow of The American College of Dentists. In addition to orthodontic private practice, Dr. Samson holds formal faculty appointments at 6 postgraduate programs, lectures extensively and reviews orthodontic mechanics articles submitted for publication to *The Angle Orthodontist*. He was the invited guest Co-Editor of Seminars In Orthodontics: "Age Appropriate Orthodontics", March and June, 2014.

Gerry offers meaty clinical presentations spiced with a blend of biting wit, edgy humor, and substantially sauced with evidenced based literature. Gerry's zany, brainy and engaging methods have made him one of today's most popular educators. Participants are certain to enjoy a unique educational, clinical experience that is both informative and motivating.
